Program Background

Next Level Sports Leagues were started in the Summer of 2023, with the goal of having 4 communities train for 4 weeks and then give participants the opportunity to represent their community in a tournament style event. After spending 12 months learning and growing the programs, we have been able to bring the Leagues back. With 8-week program, coaches can build better connections, the kids can learn more and build better connections within their teams.

We quickly realized we outgrew the BGC facility and are now using community facilities to host the tournament, seeing as we have almost 60 participants for each sport, and double that number for spectators.

Goal with Inviting Partners

My goal with inviting partners was to allow them to see how much Next Level Sports has grown over the last 2 years with their support. As well, allow potential supporters (donors, partners etc.) to see how successful our sports programs are and why it is a worthy investment.
